

## Km Markers & Sponsors

Wulfman's CDT-14K is **accurately measured with kilometer markers** to help you gauge our progress. Each of those markers is sponsored by an area business or organization (shown at right) whose generous donations make Wulfman's race a value greater than the price of admission. Please consider giving these folks your gratitude and your business.

For those new to Wulfman's CDT-14K informational postings, please study the highlighted sections (at least) of previous links below.
