

Stumptown Road
(6 km out and 6 km back mostly on dirt road)

Directions:

Take Highway 1 toward the west end of Anaconda and turn south on Evergreen St. Continue a few blocks to the junction with Stumptown Rd. Park (during off hours) in the church parking lot on the west corner near Fifer Gulch.

Description:

Stumptown Road west out of Anaconda has a rolling but gentle uphill grade. The first section is paved, but the rest is dirt and there is dense foliage enveloping a long portion of the road.

Alternative loop finish:

Stumptown Road leads to a highway crossing that connects to the paved North Cable Road on the opposite side of Anaconda's West Valley. The two roads can be run as a loop. Cable Road is the traditional site of Anaconda's popular AOH St Pat's races.

Negatives:

Some pavement and a few cars using the road.
